Notice of Non-Responsive Amendment

The reply filed on July 15, 2010 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The Response fails to specify which of the newly submitted claims reads on the elected species. This is an ongoing requirement. It is unclear why "polyvinylpolypyrrolidone" redundantly appears in new claim 30, when it has already been specified in base claim 29.. It is further noted that they are spelled differently, unless Applicants intend a different compound? See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
